### **BUDGET TRANSMITTAL**

September 12, 2024

Members of the Port Commission Port Freeport Freeport, Texas

Presented herein is the Fiscal Year 2024/25 Budget. This budget was prepared through the collective efforts of staff, directors, and commissioners. It represents the planned financial and operating performance of the Port for the coming fiscal year and provides insight to the direction of Port expansion for the next five years. Overall, this budget anticipates a \$44.9 million increase in change in net assets. This year's budget follows the same format as the previous budgets with supporting documentation and schedules.

### **OPERATING BUDGET**

### Revenue:

When compared to the 2024 Budget, total operating revenue for fiscal year 2025 is expected to increase \$7.2 million to \$52.9 million, while net non-operating revenue and expenses are expected to increase by \$952 thousand to (\$4.7) million.

Harbor operations revenues have increased \$5.9 million to \$38.1 million primarily due to normal business resumption of the LNG market as well as new customers. Lease revenues have increased \$1.2 million to \$14.7 million primarily due to contractual inflation increases as well as new customers.

Net non-operating revenues at (\$4.7) million include debt service. Debt interest and fees have decreased to \$9.2 million.

The budget has been prepared with the tax rate of \$0.00000 per \$100 of valuation which is below the no new revenue tax rate of \$.014660. The debt service rate includes \$5.6 million of funds encumbered by the Port Commission, which resulted in a debt service rate of \$0.00000 per \$100 valuation. There was no maintenance and operations tax rate levied. There will be no ad valorem tax collections are projected in this budget.

### Expenditures:

Overall, expenditures, at \$29.7 million, are anticipated to increase \$1.5 million from the budget for fiscal year 2024. Expenditures, excluding depreciation, are expected to be \$17.3 million, an increase of 8.5% or \$1.2 million from the budget for fiscal year 2024. Fiscal year 2025 budgets resumption to normal activity with full staffing, however staff will continue to monitor conditions.

Port Salaries and Wages: The total amount budgeted for Port salaries and wages is \$4.6 million, an increase of \$132 thousand or 2.9% from the 2023 budget. The budget includes 5% CPI/merit increases, a market/internal equity pool and assumes filling nine positions that are vacant.

Port Employee Benefits: The total amount budgeted employee benefits are \$1.8 million, an increase of \$131 thousand or 7.5% from the 2024 budget. The primary reason for the increase is an anticipated increase in medical (5%), premiums, full participation in the retirement plan, and assumes filling nine positions that are vacant.

Professional Services: The budget for consultant services has increased \$383 thousand or 13% from the 2024 budget to \$3.5 million. The largest line item in the professional services category is security service fees, which increased 15% or \$295 thousand to \$2.3 million due to contracted rates, increased manpower utilization and services. Fiscal year 2025 includes funds for Port planning services, grant writing services, records management, building code review services, environmental consulting, and surveying.

Training, Travel & Promotional: The training, travel and promotional category budget is \$795 thousand, which has decreased from the 2024 budget by 6% or \$50 thousand. Commercial business development at \$367 thousand, includes commercial trade shows, advertising, website development, economic development, and promotional items, has decreased \$108 thousand or 22% from last year. Sales and promotion plans have increased by \$14 thousand or 24% to \$75 thousand. Government relations travel has increased 36% or \$11 thousand to \$44 thousand due to increased State and Federal legislative interaction. Community relations at \$124 thousand has increased 40% or \$35 thousand due to increased community events, including the celebration of 100 years in service, and interaction and costs. Training, education and related travel expenses at \$123 thousand, is reduced by \$3 thousand or .3%. Automobile expenses at \$62 thousand remain consistent.

Supplies: The supplies budget is \$192 thousand which is an increase of 2% or \$3 thousand due to small equipment and safety purchases planned.

Utilities: The utilities budget has increased by \$204 thousand or 24% to \$1.2 million. This anticipates an increase in water and sewer rates as well as an increase in the electrical contract which is up for renewal in the fiscal year 2024.

Business Insurance: Business insurance is being budgeted for \$3 million, which is a \$424 thousand or 25% increase from fiscal year 2024 budget. Contracted insurance premiums account for this increase.

Other Services & Charges: The \$679 thousand budget for other services and charges is planned to increase 25% or \$124 thousand from the 2024 budget. This category includes contract services, contract labor, lease expense, memberships, and subscriptions.

Maintenance & Repair: The \$1 million budget for 2025 is \$407 thousand or 33% less than 2024 with increases in some areas and decreases in others. Significant line items in this category include maintenance expense for the crane, software and computer support services, maintenance for the administration building, mowing services, and security systems maintenance.

Depreciation expense: Depreciation expense for fiscal year 2024 budget is projected at \$12.3 million, which has increased 2% or \$192 thousand over fiscal year 2024 budget. Depreciation additions from new assets are expected to be \$438 thousand.

### **CAPITAL BUDGET**

### Port Expansion:

The most significant projects planned over the next five-years are the continued build out of Velasco Terminal and the related development of backland property to support the berths. \$53.8 million in total has been budgeted for Port expansion projects for the fiscal year 2025. Cash flow requirements of the capital expansion plans will be funded from current cash flows, grant funds, or reserves.

### Capital Contributed to Others:

Capital contributions to others include \$2.6 millionfor possible maintenance dredging and floodwall modifications. Cash flow requirements of the capital contributed to others plans will be funded from current cash flows or reserves.

### Capitalized Maintenance & Repair:

The \$9.78 million in capitalized maintenance and repair projects include the continuation of the repairs of the dock concrete joints, railroad track renovations, building repairs and road repairs. Upgrades of paved areas to concrete as well as cathodic protection system repairs are planned. Cash flow requirement of the capitalized maintenance plan will be funded from current cash flows and grant funding.

### Capital Equipment Outlay:

Capital outlay includes equipment purchases over \$5,000 that will be capitalized and depreciated over a short life span of 3-20 years. The capital outlay budget for fiscal year 2025 is \$2.8 million. The major items in fiscal year 2024 include software upgrades, equipment purchases, security improvements, and operational equipment. Cash flow requirements for the capital outlay plans will be funded by grant funds and current cash flows, reserves, grant funding or financing.

### CONCLUSION

The proposed budget for fiscal year 2024/25 continues to demonstrate the Port's commitment to the expansion and development of Port Freeport. Budgeted operating revenues exceed operating expenses by \$23.2 million with planned capital outlay of \$81 million. This budget is fiscally conservative without impeding the Port's continuing commitment to provide well-maintained, efficient, safe, and secure port facilities to our customers and to further the growth and development of Port Freeport.

Respectfully submitted,

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements or Comptroller Form 50-884 Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts or Comptroller Form 50-860 Developed Water District Voter-Approval Tax Rate Worksheet.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

### SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

### SECTION 2: Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate: The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate: The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

### SECTION 3: NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

### SECTION 4: Voter-Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

### SECTION 5: Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value. <sup>39</sup> The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value. <sup>40</sup>

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042; 41
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a); 42 or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval. 43

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit. 44

### SECTION 7: Voter-Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.<sup>48</sup>

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year. 49

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).
