

Jason Hull

Director of Engineering

Jason Hull has been employed with Port Freeport since 2011. Since 2013, he has served the Port in a senior leadership role as the Director of Engineering. As such, Jason is responsible for the design and construction of the Port's capital and major maintenance projects including warehouses, rail, roadway/paving, drainage, utilities, and environmental. His responsibilities also include estimating cost and schedules of Port projects, as well as managing department personnel needs. Jason is one of only three chief engineers to serve at Port Freeport since 1954.

Experience

Jason is a Licensed Professional Engineer, his focus has been on designing Civil, Structural, and Electrical projects since 1998.

Affiliations & Community Involvement

Jason is a member of the Grand Lodge of Texas A.F. & A.M. and the National Rifle Association.

Personal

Jason was born, raised, and has lived every day of his life in Texas.

Port Freeport
